

## Portable self piercing hand press for eyeleting PVC banners:

- ▶ Solid steel construction to eliminate cracking and breaking, common with cast metal presses.
- ▶ Weighting only 5 kilos is perfect to work on ground level with large banners.
- ▶ Possible to work with three eyelet sizes Ø8, Ø12 and Ø16 mm (extra tooling required).
- ▶ Not recommended for textiles, as it might create wrinkles.

**HPS025**

Easy to use on the floor
