BIRDSEYE

Ideal for
sublimation
printing

- +-150cm
- +-140gsm
- 100% Polyester

40 °C wash. Don't bleach. Low heat iron. Use mild detergents. Can be tumble dried.

Birdseye fabric is a textured woven material characterised by its distinctive pattern of small, diamond-shaped dots that resemble a bird's eye when viewed up close. This pattern is created through a specific weaving technique that produces tiny geometric designs across the fabric's surface.

Birdseye is valued for its subtle texture and visual interest. The fabric is breathable, absorbent, and durable, making it a popular choice for dress shirts, suits, athletic wear, and towels. Its textured surface also helps hide wrinkles and wear, which adds to its practicality for everyday clothing and home textiles.

Birdseye fabric is particularly ideal for sublimation printing because its smooth, tightly woven surface allows for excellent dye transfer and vibrant colour reproduction.
